

Special Information for Cell Phone Account Holders

Until the transition to the ParkPlus System is complete, customers who set up ParkPlus Cell Phone Accounts will also be able to pay at existing parking meters using their cell phones—the same way they would in the new ParkPlus Zones.

The system will work the same way as the ParkPlus cell phone payment process.

Existing parking meters will have a ParkPlus Zone sticker on them identifying the zone number the meter is in.

ParkPlus Account holders simply call 403-537-PARK (7275) and follow the same steps to pay at the meter as they would using the ParkPlus account in a new ParkPlus Zone.

How to Use the ParkPlus System

Here's how it works:

- Pull into a new ParkPlus Parking Zone and park your vehicle.
- Make a note of the ParkPlus Zone number located on signs lining the street adjacent to where you have parked.
- As you leave your vehicle, watch out for one of the conveniently located ParkPlus Pay Machines. There will be plenty of them, and you can use any one.
- At the ParkPlus Pay Machine you'll be asked to enter the ParkPlus Zone number where you have just parked, your vehicle's license plate information, and how long you wish to remain parked.

Note: Parking is limited to the maximum time, as indicated on the adjacent parking sign.

- Simply follow the easy payment instructions. ParkPlus Pay Machines will accept both coins and credit cards!
- Once you've paid for your parking, you can request a printed receipt.
- Put your receipt in your purse or wallet and continue on your way! You never need to go back to your car to put the receipt on your dashboard! The automated system knows you've paid to park in the selected zone.
- If you have your own ParkPlus Cell Phone Account, simply call 403-537-PARK (7275), note the ParkPlus Zone number and make your payment with your cell phone before you leave your car! It couldn't be easier!

ParkPlus Zone numbers are easily located on signs lining the streets.

A Revolution in Parking for Calgary

CALGARY PARKING AUTHORITY

ParkPlus... Advanced Parking System

CPA is delighted to be introducing the ParkPlus System, an exciting initiative for improved parking in the city of Calgary. Existing parking meters are being replaced with state-of-the-art, solar powered pay machines and new street parking zones that will revolutionize parking in Calgary.

ParkPlus is a whole new way of parking, representing new standards for convenience and simplicity as well as respect for our environment. And please remember, we are listening to what you have to say. We are encouraging customer feedback and suggestions as we continue to plan further improvements and add new features to our parking services.

The Ultimate in Parking Convenience

- No more downtown parking meters.
- Conveniently located ParkPlus Pay Machines mean you park and then just pay at the nearest machine.
- You never have to return to your car to put a ticket on the dashboard!
- Payment is easy and flexible.
- An automated system that's completely ticketless!
- The ParkPlus System ensures you are parking in a valid zone. If the zone is not valid for parking, the ParkPlus System will not accept payment.

More Payment Options

- ParkPlus Pay Machines accept both coins and credit cards.
- ParkPlus Account holders can simply pay by cell phone!
- Users can pre-purchase parking time in some locations.

Printed Receipts

- A receipt can be issued each time you park.
- You will always have a record of when and where you parked and how much you paid. Perfect for expense claims!
- The automated system will register your payment, so you don't have to take the receipt back to your car.

Your Own ParkPlus Cell Phone Account

With your own ParkPlus Cell Phone Account you'll enjoy even more convenience and savings!

- No more over-paying for parking.
- No need to get another parking ticket!
- Just park and pay by cell phone.
- Have us call or email you when your meter time is about to expire.
- If you leave sooner than expected, deactivate your parking session and you'll only be charged for the time you were actually parked!
- A record of when and where you parked and how much you paid will be available online for several months.
